

AKSHAY JAWALKAR

Researcher · Engineer · Student Entrepreneur

Jacksonville, FL | akshay.jawalkar78@gmail.com | akshayjawalkar.com | github.com/akshayjawalkar78-ai

EDUCATION

Stanton College Preparatory School

Expected Graduation: May 2029

College Preparatory Curriculum | Jacksonville, FL

- Treasurer, FBLA Chapter — managed chapter budget and oversaw financial planning for competitive programming events
- Varsity Soccer — maintained high academic performance alongside rigorous athletic training and competition (Nov 2025–Present)

EXPERIENCE

Investment Analyst | Advanced Equities

May 2026 – Present

- Manage and analyze a live \$15,500+ capital portfolio through systematic performance tracking, position sizing, and risk-focused decision-making
- Conduct institutional-style equity research: DCF valuation modeling, catalyst identification, and investment thesis development across medical device and financial services sectors
- Produced portfolio-manager-level critical analysis of sell-side reports (ATEC, IBKR), identifying stale data, valuation errors, and undisclosed risk factors

Independent Researcher | Synthica

Apr 2026 – Present

- Leading original pharmacology research on differential effects of H1 vs. H2 antihistamines on osteoclast and osteoblast activity in the emerging field of immunopharmacology and bone biology
- Designed experimental framework and conducted primary literature review to develop testable hypotheses on antihistamine-mediated bone remodeling pathways

Data Analyst | Equity Economics Research Lab

Present

- Executed end-to-end dataset cleaning and equity research analysis using BLS and SBA federal datasets to surface actionable macroeconomic insights
- Applied graduate-level analytical frameworks under mentorship of Ng Kai Ming (MIT, M.S. Data Science), producing research-grade economic analysis

IT and Marketing Team | USA Economics Olympiad

May 2026 – Present

- Implemented on-page SEO optimizations — site structure, metadata enhancements, and keyword targeting — strengthening organic search visibility and rankings
- Developed data-driven content strategy aligned with search intent, increasing organic visibility for AI-related content; collaborated cross-functionally to drive sustained ranking improvements

Growth Director | Volta

Present

- Spearheaded client acquisition and strategic partnership development, directly expanding market reach and contributing to revenue pipeline growth

Florida State Lead | Youth Economy Lab

Present

- Directed statewide operations — overseeing student recruitment, partnership building, and multi-region program coordination across Florida
- Launched and scaled regional initiatives advancing youth-led economic education and entrepreneurship at the state level

Outreach Officer | ThinkFinance

Apr 2026 – Present

- Drove external partnership and stakeholder outreach to expand organizational visibility within the finance education sector

Marketing Intern | Mind4Youth

Apr 2026 – Present

- Designed and executed multi-channel marketing campaigns across social media, print, and digital platforms, increasing organizational engagement
- Developed data-driven user engagement strategies; maintained accurate internal communications and meeting records across leadership team

PROJECTS

Founder & Engineer | ActiveRecallCoach

Present

- Founded and independently engineered ActiveRecallCoach — a science-backed active recall and spaced repetition study platform built in JavaScript, taken from concept through full deployment
- Sole developer responsible for full architecture, front-end design, and deployment pipeline; integrated cognitive science methodology into product design

VOLUNTEER EXPERIENCE

Clinical Volunteer | Brooks Rehabilitation

Jun–Jul 2025 | 44.67 hrs

- Delivered direct patient support in a clinical rehabilitation setting — assisting healthcare staff with patient care, administrative workflows, and interdisciplinary coordination

Hospital Volunteer | Ascension St. Vincent's Foundation Jacksonville

Jun–Jul 2025 | 31.14 hrs

- Supported healthcare professionals across multiple hospital departments with patient transport, administrative assistance, and operational tasks in a high-volume clinical environment

Community Volunteer | St. Francis Family Housing

Jul-Dec 2025 | 69 hrs

- Dedicated 69 hours over 6 months to a nonprofit serving families experiencing housing insecurity, supporting resident programs and daily nonprofit operations

Museum Volunteer | Museum of Science & History (MOSH)

Jul 2025 | 5 hrs

- Supported STEM outreach event operations and visitor engagement, contributing to public science education in the Jacksonville community

HONORS & AWARDS

DECA — Distributive Education Clubs of America

- ICDC Qualifier, Sports & Entertainment Marketing — advanced to International Career Development Conference, achieved by fewer than 5% of DECA members nationwide
- 2nd Place, District 2 — Sports & Entertainment Marketing — earned runner-up honors in district competition, advancing to Florida State SCDC

HOSA — Future Health Professionals

- Regional Leadership Conference Qualifier, Pathophysiology — demonstrated mastery of advanced disease mechanisms to qualify for regional health sciences competition
